

THANK YOU!

1. The Nicollet County Fair Board would like to thank the St. Peter Tourism Bureau and the St. Peter Area Chamber of Commerce for all the support they have given us. We have received annual grants for the Fair and special events we have brought to St. Peter.
2. The Redmen have always been there for us to do anything they can to make our Fair bigger and better. We appreciate all they do.
3. One of the goals of the Fair Board is to provide a clean fairgrounds so fair-goers can enjoy themselves in a clutter-free atmosphere. It's a never-ending job requiring diligence and perseverance. Thanks to LJP Enterprises for assisting us in our efforts. Your voluntary removal of our waste material is greatly appreciated. Thanks Mr. Biederman.
4. Lots of help is needed to provide a great Nicollet County Fair. We thank the City of St. Peter for their support of our efforts and the assistance they give us.

Our Nicollet County Fair could not be a success without the help of so many who contribute time, materials and funding for the event. Much is done in the past by many who have not been recognized. It's so easy to miss someone on a thank-you list. Rather than do that, the Fair Board wishes to thank all who have been a part of our project in any way. We're thankful for and proud of those who have helped make our fair bigger and better each year. Even the smallest bit of assistance can make a big difference.

We hope you will continue to lend your support and encourage others to do the same.
